HUB RIDER

UTILIZATION OF HISTORICALLY UNDERUTILIZED BUSINESSES

Special Trades

**The University of Texas Southwestern Medical Center
HUB Program
Policy on Utilization of Historically Underutilized Businesses (HUBs)**

In accordance with the Texas Government Code, Sections 2161.181-182 and Title 34, Section 20.284 of the Texas Administrative Code (TAC), The Board of Regents of the University of Texas System, acting through The University of Texas Southwestern Medical Center’s HUB Program, shall make a good faith effort to utilize Historically Underutilized Businesses (HUBs) in contracts for construction services, including professional and consulting services; and commodities contracts. The HUB Rules promulgated by the Texas Comptroller of Public Accounts (the “Texas Comptroller”), set forth in 34 TAC Sections 20.281-20.298, encourage the use of HUBs by implementing these policies through race-, ethnic- and gender-neutral means.

The purpose of the HUB Program is to promote full and equal business opportunities for all businesses in State contracting in accordance with the following goals as specified in the State of Texas Disparity Study:

- **11.2% for heavy construction other than building contracts;**
- **21.1% for all building construction, including general contractors and operative builders contracts;**
- **32.9% for all special trade construction contracts;**
- **23.7% for professional services contracts**
- **26% for all other services contracts, and**
- **21.1% for commodities contracts.**

This project is Special Trades, and the goal is _____ . [The goal is set by the contractor awarded when completing the HSP at the start of the project.]

The University of Texas Southwestern Medical Center (UTSW) shall make a good faith effort to meet or exceed these goals to assist HUBs in receiving a portion of the total contract value of all contracts that UTSW expects to award in a fiscal year. UTSW may achieve the annual program goals by contracting directly with HUBs or indirectly through subcontracting opportunities in accordance with the Texas Government Code, Chapter 2161, Subchapter F.

Contractor must submit with its proposal for services a HUB Subcontracting Plan (HSP) outlining the subcontractors with whom it will subcontract any portion of the services being provided under the Agreement. Contractor will commit to subcontract with HUB contractors/suppliers in accordance with the UTSW HUB Subcontracting goals indicated in the solicitation and must commit to such goals throughout the full contract/project. **The HUB Coordinator and UTSW Project Manager will monitor compliance with the HUB Subcontracting goals through the contract life cycle, and non-compliance with the goals may trigger a notice of default.**

This HUB Rider is hereby incorporated into the Agreement to which it is attached, with the Contractor agreeing to make a specific commitment to achieve the HUB subcontracting goal(s) outlined on Contractor’s HSP. The attached Project Goal Commitment Form must be completed and signed as part of the Agreement.

1. **Changes to the HUB Subcontracting Plan.** Once a Contractor's HUB Subcontracting Plan is accepted by UTSW and becomes a provision of the contract Contractor can only change that HUB Subcontracting Plan if (a) the Contractor complies with 34 TAC Section 20.285; (b) the Contractor provides its proposed changes to UTSW for review; (c) UTSW (including UTSW's HUB Coordinator) approves Contractor's proposed changes to its HUB Subcontracting Plan; and (d) UTSW and the Contractor amend their contract (via a writing signed by authorized officials of both parties) in order to replace the contract's existing HUB Subcontracting Plan with a revised HUB Subcontracting Plan containing the changes approved by UTSW.
2. **Expansion of Work.** If, after entering into a contract with a Contractor as a result of a purchase solicitation subject to the Policy, UTSW wishes to expand the scope of work that the Contractor will perform under that contract through a change order or any other contract amendment (the "Additional Work"), UTSW will determine if the Additional Work contains probable subcontracting opportunities not identified in the initial purchase solicitation for that contract. If UTSW determines that probable subcontracting opportunities exist for the Additional Work, then the Contractor must submit to UTSW an amended HUB Subcontracting Plan covering those opportunities that complies with the provisions of 34 TAC Section 20.285. Such an amended HUB Subcontracting Plan must be approved by UTSW (including UTSW's HUB Coordinator) before (a) the contract may be amended by UTSW and the Contractor to include the Additional Work and the amended HUB Subcontracting Plan and (b) the Contractor performs the Additional Work. If a Contractor subcontracts any of the additional subcontracting opportunities identified by UTSW for any Additional Work (i) without complying with 34 TAC Section 20.285 or (ii) before UTSW and that Contractor amend their contract to include a revised HUB Subcontracting Plan that authorizes such subcontracting, then the Contractor will be deemed to be in breach of its contract with UTSW. As a result of such breach, UTSW will be entitled to terminate its contract with the Contractor, and the Contractor will be subject to any remedial actions provided by Texas law, including those set forth in Chapter 2161, Texas Government Code, and 34 TAC Section 20.285. University may report a Contractor's nonperformance under a contract between that Contractor and UTSW to the Texas Comptroller in accordance with 34 TAC Sections 20.101 through 20.108.
3. A response may state that the Contractor intends to perform all the subcontracting opportunities with its own employees and resources in accordance with the Policy. However, if such a Contractor enters into a contract with UTSW as a result of such a Response but later desires to subcontract any part of the work set forth in that contract, before the Contractor subcontracts such work it must first change its HUB Subcontracting Plan in accordance with the provisions of this HUB Rider, and **Contractor will be required to commit to a HUB Subcontracting goal percentage that will be applicable for the life of the project.**
4. UTSW shall require a vendor to whom a contract has been awarded to report the identity and the amount paid to its subcontractors on a monthly basis using a **HUB Subcontracting Plan (HSP) Prime Contractor Progress Assessment Report (PAR)** as a condition for payment. See attached for the PAR that must be used for monthly reporting. The PAR must be submitted at the same time with the invoice. If either the invoice or the PAR is not approved, the HUB Coordinator will contact Accounts Payable and the UTSW Customer department to instruct not to approve or pay until the PAR has been corrected. Invoices and PARs shall be submitted to: Facilities Management ppfinance@utsouthwestern.edu.
5. If the University determines that the successful Contractor failed to implement an approved HUB Subcontracting Plan in good faith, the University, in addition to any other remedies, may report nonperformance to the Texas Comptroller in accordance with 34 TAC, Section 20.285, (g)(1) related remedies of nonperformance to professional services firms, contractor, and vender implementation of the HUB Subcontracting Plan.
6. In the event of any conflict between this "Summary of Requirements" and the remainder of the HUB Policy, the remainder of the HUB Policy will control.
7. These requirements, including the attachments referred to above, may be downloaded over the Internet from <https://www.utsouthwestern.edu/about-us/administrative-offices/purchasing/bid/>. For additional information contact the UTSW Supplier Diversity/Small Business/Historically Underutilized Businesses (HUB) Program at HUB@UTSouthwestern.edu

***Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service, to include under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

RE: Historically Underutilized Business for (Project Title):
 RFP/Project Number: Original Project Total Amt: \$ Revised Project Total Amount: \$

Dear HUB Manager,

I am pleased to forward this HUB Subcontracting Plan as an integral part of our response in connection with your invitation for Request for Proposal referencing the above project.

I have read and understand The UT Southwestern Policy on Utilization of Historically Underutilized Businesses (HUBs). I also understand the State of Texas Annual Goal according to 34 Texas Administrative Code Section 20.284, and the goal as stated in the Agency Special Instructions section of the HUB Subcontracting Plan.

Subcontractors	No. of Subcontractors	Total Subcontract Value	Total Estimated Subcontracting	% Minority Owned	% Woman Owned	% Service-Disabled Veteran
HUB			%			
Non-HUB			%			
TOTAL			%			

I understand the above HUB percentage must represent Texas Comptroller HUB Certification standards. For each of the listed HUB firms, I have attached a Texas Comptroller HUB Certification document.

During the contract should we discover additional subcontractors claiming Historically Underutilized Business status or if for some reason a HUB is unable to fulfill its contractual obligation with us, we will notify you immediately in order to take the appropriate steps to amend this HUB Subcontracting Plan.

Sincerely,

Project Executive
 Cc: Project Manager

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

- - Agency Special Instructions/Additional Requirements - -

*In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent **does not** have a **continuous contract*** in place for **more than five (5) years** shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

SECTION 3: SELF PERFORMING JUSTIFICATION (If you responded "No" to SECTION 2, Item a, you must complete this SECTION and continue to SECTION 4.) If you responded "No" to SECTION 2, Item a, in the space provided below **explain how** your company will perform the entire contract with its own employees, supplies, materials and/or equipment.

SECTION 4: AFFIRMATION

As evidenced by my signature below, I affirm that I am an authorized representative of the respondent listed in SECTION 1, and that the information and supporting documentation submitted with the HSP is true and correct. Respondent understands and agrees that, if awarded any portion of the requisition:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency's point of contact for the contract no later than ten (10) working days after the contract is awarded.
- The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report – PAR) to the contracting agency, verifying its compliance with the HSP, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). (The PAR is available at <https://www.comptroller.texas.gov/purchasing/docs/hub-forms/ProgressAssessmentReportForm.xls>).
- The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. If the HSP is modified without the contracting agency's prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.
- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company's headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.

Also, be mindful that a working day is considered a normal business day of a state agency, not including weekends, federal or state holidays, or days the agency is declared closed by its executive officer. - a.** Provide written notification of the subcontracting opportunity you listed in SECTION B-1, to three (3) or more Texas certified HUBs. Unless the contracting agency specified a different time period, you must allow the HUBs at least seven (7) working days to respond to the notice prior to you submitting your bid response to the contracting agency. HUB status code “A” signifies that the company is a Texas certified HUB.
- b.** List the **three (3) Texas certified HUBs** you notified regarding the subcontracting opportunity you listed in SECTION B-1.
